

Mission and Vision

We aim to become Philippine's leading Freight Forwarding Company that delivers the best value to our clients in terms of service quality; as well as to act as a reliable partner towards our clients, staying true to our motto 'Dedicated Cargo Ally'.

Our mission is to deliver only positive results to all of our clients. We want to raise the standard so that our customers will see that there is no need to settle for anything less. To achieve this, we strive to make sure that we can ship their cargo safely yet efficiently, all while maintaining a good conduct, making the entire shipping experience hassle-free.

Asia Direct Consolidators Inc.

"Your dedicated cargo-ally"

ABOUT COMPANY

ASIA DIRECT CONSOLIDATORS INC. offers a full range of multi-modal forwarding and transport services and facilities encompassing customer's clearance, Sea/Air Freight, Consolidation, Customs Brokerage, Warehousing and Distribution. It was established on August 17, 2011, the company was founded by a highly trained and well experienced professional who came from different forwarding companies. Our greatest strength is our knowledge and experience which helps us to look for unique solutions and to think "OUT OF THE BOX".

OUR SERVICES

01 International and Domestic Air/Sea Freight Forwarding

We are one of the most trusted air/sea freight forwarders for business. Our comprehensive air/sea service will ensure that your freight is handled professionally, securely and on time.

02 Non Vessel Operation Common Carrier (NVOCC)

Services from any point in the Philippines to worldwide destinations, complete destination services, low cost solutions, access to multiple carrier contracts and flexibility in bill of lading preparation

03 Cargo Consolidation

Asia Direct Consolidators Inc. organizes a transport plan for all our clients to minimize expenses and delay, planning storing and consolidating consignments in warehouses throughout Asia.

04 Breakbulk Agent

Asia Direct Consolidators Inc. are often able to negotiate space on conventional vessels for break bulk, dramatically reducing costs while providing reliable cargo transportation.
